CICA's Amplify Women™ initiative fosters education, influence, and networking among women in the captive insurance industry.

WHY "AMPLIFY WOMEN"

Women make up over 60 percent of the workforce in the insurance industry, but when it comes to officers and other senior-level positions, those numbers drop below 20 percent.

Amplify Women addresses the gap in women leaders by offering educational and networking opportunities such as speaking at conferences, publishing articles, teaching, and academic partnerships.
